The Building permission is sanctioned subject to following conditions:

- The permission accorded does not confer any ownership rights. As per Sec 113 of APCRDA Act, the Commissioner or the Authority or the Government, may revoke any development permission issued under this Act, whenever it is found that there has been any false statement or wrong permission is issued or any misinterpretation of any material fact or rule on which the permission was granted.
- Limitations of Building Sanction: Sanction of building permission by this Authority shall not mean responsibility or clearance of title or ownership, easement rights, variation in area, structural

stability, workmanship, building services, flooding risk, or other licences required under other laws.

3. If any dispute litigation arises in future, regarding the ownership of a land the applicant shall be responsible for the settlement of the same, APCRDA or its employees shall not be a part to any such dispute / litigation.
4. This permission does not bar any public agency including APCRDA to acquire the lands for public purpose as per law.
5. The construction shall be done by the owner only in accordance with the sanctioned Plan under the strict supervision of the Architect, Structural Engineer and site engineer failing which the violations are liable for demolition besides legal action.
6. Structural Safety and Fire Safety Requirements shall be the responsibility of the Owner, Builder/Developer, Architect and Structural Engineer and shall provide all necessary Fire Fighting installations as stipulated in National Building Code of India - 2016.
7. Construction shall be covered under the contractors all risk Insurance till the issue of occupancy certificate.
8. Architect / Structural Engineer if changed, the consent of the previous Architect / Structural Engineer is required and to be intimated to the APCRDA.
9. The Services like Sanitation, Plumbing, Fire Safety requirements, lifts, electrical installations etc., shall be executed under the supervision of Qualified Technical Personnel.
10. The permit Order remains valid for three years during which time the development works or construction shall be completed, and if not completed, such permission shall be got revalidated for another two years only on submitting an application and on payment of the additional fees and charges as may be prescribed.
11. If the works are not commenced within one year from the date of issue of Permit Order, the Development Permission stands lapsed.
12. Neither the granting of the development permission or the approval of the drawings and specifications, nor the inspections made by the Sanctioning Authority during development shall, in any way, relieve the licensed professional or developer from full responsibility for carrying out the development in accordance with these Regulations.
13. If during the execution any deviation is made from the Sanctioned Permit Order, the revised Development Permit shall be obtained without fail.
14. Sanctioned Plan copy as attested by the APCRDA shall be displayed at the construction site for public view.
15. Commencement Notice shall be submitted by the applicant before commencement of the building.
16. Basement and designated areas approved for parking in the plan should be used exclusively for parking of vehicles.
17. No. of flats as sanctioned shall not be increased without prior approval of APCRDA at any time in future.
18. The Builder/Developer shall register the project in the RERA website.
19. All greenery and live landscaping as shown in the approved plan shall be completed before occupancy of building and shall be properly maintained.
20. Stocking of Building Materials on footpath and road margin causing obstruction to free Movement of public & vehicles shall not be done.
21. A safe distance of minimum 3.0mts Vertical and Horizontal Distance between the Building & High Tension Electrical Lines and 1.5mts for Low Tension electrical line shall be maintained.
22. Green building norms, energy efficiency guidelines (ECBC) and Environmentally sustainable development shall be followed.
23. Rain Water Harvesting Structure (percolation pit) and plantation of trees shall be taken up as per stipulations in Water, Land and Trees Act. 2002.
24. Buildings shall be designed for compliance with earth quake resistance and resisting other natural hazards.
25. Owner / Builder shall install roof top solar plants in the 1/3 of the roof top areas of all buildings to meet 10% of the total energy demand of the buildings.
26. Occupancy Certificate shall be mandatory for all buildings.
27. Mortgage shall be released only upon issue of Occupancy Certificate by the Commissioner, APCRDA.
28. The applicant shall pay the short fall of payment if any, noticed by the Authority at any time.

By order

Commissioner
